

Interior Validation

Specialized Laboratories

- Materials
- Life Cycle Durability
- Environmental Safety/FMVSS
- NVH/Sound
- Full Cockpit Durability

Typical Component Programs

- Instrument Panels
- Seats
- Consoles
- Door Panels
- Hard/Soft Trim
- PRNDL Systems
- Steering Wheels
- Glove Boxes

Related Services

- Test Plan Development
- Design Validation Plan and Report (DVP&R) update and management
- Component fixture design and fabrication
- Statistical analysis of test results
- Knowledge of OEM specific requirements
